“FRENCH IMPRESSIONISTS FREED US”

The French Impressionists allowed us to be free with our on-location oil paintings. In this workshop, with a seascape as our subject matter, **Juan Peña** will demonstrate and teach oil painting effects. By using his limited palette ideas, he will explore and explain the mixing possibilities for on location paintings. The second day we will use the same ideas and effects for a landscape painting of rocks and trees. He will bring two completed oil paintings to demonstrate his painting ideas.
